## Sanitizing Lotion

This product is an effective hand sanitizing lotion recommended for use in food processing plants, for Health Care personnel, and for restaurant personnel prior to handling food and/or food processing equipment. This product reduces microorganisms on bare or gloved hands.

### DIRECTIONS FOR USE

Use this product in conjunction with standard hand washing procedures after every absence from workstation and as specified by management to reduce risk of cross contamination, such as hand-to-food and hand-to-equipment contamination. After washing hands, spray entire surface of hands, including fingertips and cuticles. Rub hands vigorously until dry. No rinse or toweling is required.
